Welcome Office

The Welcome Office is dedicated to welcoming and assisting those seeking information and help navigating the Principality's administrative procedures, particularly when obtaining a residence permit. The Welcome Office can also connect people with the main public bodies that provide support when settling in the Principality.

Future residents wishing to settle in the Principality will therefore find a multitude of essential contacts and information at the Welcome Office to help them plan their move in a timeframe that’s in line with today's economic situation.

Located in Carré d'Or, the Welcome Office team will be happy to see you, by appointment, to their offices or at your preferred off-site venue, every day of the week from 9 am to 5 pm. Meetings can be held in French or in English.

Furthermore, the Welcome Office organises quarterly information meetings at the Foreign Residents' Club of Monaco for future and new residents of the Principality. These meetings are intended to provide attendees with information on all the practical aspects of life in the Principality, from health services to the various means of transport and education.
