EN FR

I am delighted to welcome you to the International School of Monaco (ISM).

Our vision and mission statements drive all that we do at the school and I am sure, both on this website and in the daily activities at the school, that you will witness these important commitments being brought to life through the interactions of all members of our ISM community.

OUR VISION

INTERNATIONAL EDUCATION WITH DISTINCTION

Excellence Wellbeing Multilingualism

OUR MISSION

OUR VALUES

Integrity

We act with honesty, fairness and compassion even in the face of challenge.

Learning

We are all learners who embrace challenges and strive to develop and improve.

Our mission at ISM is to provide an outstanding education for students so that

they are happy, confident, independent, multilingual and responsible global citizens.

Caring

We nurture and care for the physical, emotional and social wellbeing of ourselves and others.

Respect

We
communicate
and
act
with
courtesy
and
politeness.
We
value
what
we
have.

Why we are unique

At the International School of Monaco, diversity, excellence, and innovation converge to create an unparalleled educational experience. With our students representing over 60 nationalities, our vibrant community fosters a truly global and multicultural perspective.

The International School of Monaco is now officially authorised to offer both the **Primary Years Programme** (PYP) and the **Middle Years Programme** (MYP) of the International Baccalaureate (IB), in addition to the **Diploma Programme** (DP) and the **Career-related Programme** (CP). This milestone means that every student aged 5 to 18 within the ISM community is an IB student, and ISM proudly stands recognised as an IB World Continuum School, offering all four International Baccalaureate programmes: PYP, MYP, DP, and CP.

ISM thus joins a select group of prestigious schools worldwide that have achieved this distinguished status: ISM is one of the 82 IB World Schools out of more than 6,750 to be authorised to offer all four IB programmes, placing ISM in the top 1% of all IB schools worldwide. Moreover, ISM is also accredited by the World Academy of Sport, the official sports partner of the IB, as an Athlete Friendly Education Center (AFEC), which, along with the offering of all four IB programmes, makes ISM unique as the only bilingual French-English school in the world with this combination of programmes on offer.

ISM is committed to the highest standards

ISM is committed to the highest standards of safeguarding and child protection and the school utilises rigorous and robust policies and procedures to protect the health and safety of all members of its community.

In January 2024, ISM was thrilled to receive official re-accreditation from the **Council of International Schools (CIS)**, the premier international accrediting organisation worldwide. The CIS re-accreditation report highlights impressive achievements, with every international standard met and 66% of standards rated as “exceeded”, in addition to 84 commendations. For more details about our CIS accreditation and to read the full accreditation report, please refer to our **Accreditations & Memberships page** or our news article **here**.

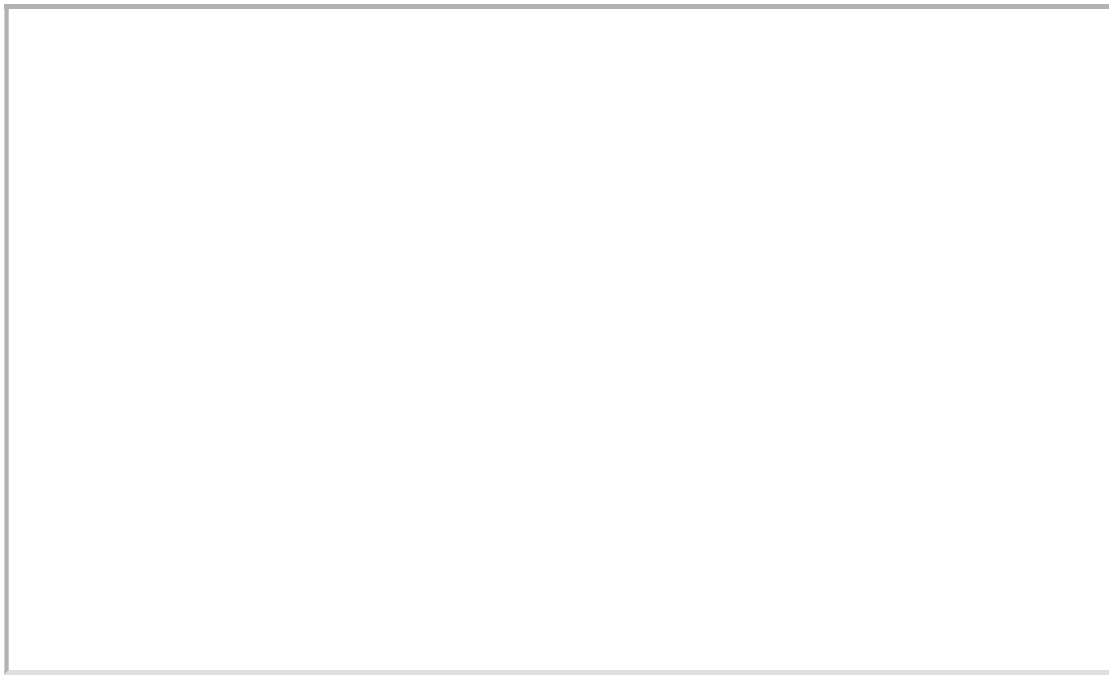

The International School of Monaco is thrilled to have been included once again in the prestigious **2026 Spear's Schools Index** recognising the leading private schools in the world. We congratulate the entire ISM community on this wonderful accolade!

ISM is thrilled to once again be included in the 2024 **Schools Index** compiled by Carfax Education, the leading international index of the very best private boarding and day schools from different regions across the globe.

Created by a panel of education experts led by Carfax Education, with consultants on the ground across the world, the 2024 Schools Index names the **International School of Monaco** as one of the **Top 15 Schools in Europe** and among the best 150 private schools internationally. Schools are selected based on a variety of criteria, including academic results and preparation for university entry as well as their unique ethos, their reputation both locally and internationally, and how they prepare students for life beyond academia.
