Construction Noise Control

Maximum Permissible Noise Levels for Construction Work

All construction sites are required to abide by the permissible noise limits set by NEA under the Environmental Protection and Management (Control of Noise at Construction Sites) Regulations, which are progressively more stringent after 7pm and 10pm. The permissible noise levels for residential buildings located less than 150m from the construction site are shown in the table below. For instance, construction work at the worksite must not exceed the noise limit of 90 dBA (Leq-5mins) over any 5-minute period between 7am to 7pm, and must not exceed 75 dBA (Leq-12hr) at the end of the specified period from 7am to 7pm (12 hr).

Mondays to Saturdays

Types of affected buildings	7am - 7pm	7pm - 10pm	10pm - 7am
(a) Hospital, schools, institutions of higher learning, homes for aged sick, etc	60 dBA (Leq* 12 hrs)	50 dBA (Leq 12 hrs)	
	75 dBA (Leq 5 mins)	55 dBA (Leq 5 mins)	
(b) Residential buildings located less than 150m from the construction site	75 dBA (Leq 12 hrs)	65 dBA (Leq 1 hr)	55 dBA (Leq 1 hr)
	90 dBA (Leq 5 mins)	70 dBA (Leq 5 mins)	55 dBA (Leq 5 mins)
(c) Buildings other than those in (a) and (b) above	75 dBA (Leq 12 hrs)	65 dBA (Leq 12 hrs)	
	90 dBA (Leq 5 mins)	70 dBA (Leq 5 mins)	

Sundays and public holidays

Types of affected buildings	7am - 7pm	7pm - 10pm	10pm - 7am
(a) Hospital, schools, institutions of higher learning, homes for aged sick, etc	60 dBA (Leq* 12 hrs)	50 dBA (Leq* 12 hrs)	
	75 dBA (Leq 5 mins))	55 dBA (Leq 5 mins)	
(b) Residential buildings located less than 150m from the construction site	75 dBA (Leq 12 hrs)	-	
	75 dBA (Leq 5 mins)	55 dBA (Leq 5 mins)	
(c) Buildings other than those in (a) and (b) above	75 dBA (Leq 12 hrs)	65 dBA (Leq 12 hrs)	
	90 dBA (Leq 5 mins)	70 dBA (Leq 5 mins)	

*Leq refers to the equivalent continuous noise level over the specified period, i.e. 5 mins, 1 hr or 12 hrs.

#dBA refers to an A-weighted decibel which is an expression of the relative loudness of sounds as perceived by the human ear.
