Article 224A-b of Sovereign Ordinance no. 2.666 of 14 August 1942 amending and codifying economic and tax measures concerning drinks and liquids provides that a special duty is to be levied on non-alcoholic beverages, the rate of which is established each year by Ministerial Order.

This duty is 0.54 € per hectolitre. It covers the following non-alcoholic beverages delivered either for payment or free of charge, in barrels, bottles or cans, with the exception of syrups, fruit and vegetable juices and fruit nectars:

- Natural or artificial mineral waters
- Spring waters and other drinking waters
- Sterilized or pasteurized filtered laboratory waters
- Beverages, whether sparkling or not, with an alcohol content of no more than 1.2 % vol

This duty must be paid by manufacturers, spring water operators, importers and persons making intra-Community purchases, on all quantities delivered whether for payment or free of charge in Monegasque and French internal markets including Corsica and French overseas territories.

The duty is payable when the statement of quantities delivered during the previous month has been deposited with the Excise Office. The statement must be submitted and tax paid before the 25th of each month.

Tax on certain beverages containing added sugar

This tax is mainly due by manufacturers, importers and persons making intra-Community purchases of drinks containing added sugars. Its rate is established and revised each year by Ministerial Decree.
