Choosing an international school in Greece

Curricula

There are 50 international schools in Greece covering 25 curricula. The most widely offered are IB (DP) (24), Bespoke Curriculum (21), IB (PYP) (10), IB (MYP) (7), British Curriculum (7). If your child may move countries again, an internationally-portable curriculum (IB, or Cambridge/British) keeps options open; if you're likely to settle, a curriculum matching your home or target university system can be the better fit.

Fees & what they cover

Annual tuition across Greece runs from about EUR 5,039 to EUR 16,500, averaging roughly EUR 10,641. Budget for one-off costs on top — application and enrolment fees, a refundable deposit, uniform, transport and exams.

Admissions & timing

Sought-after schools in Greece run waiting lists, so apply early — ideally a term or two ahead. Most admissions involve an application, prior school reports and an assessment or interview, with entry points often tied to the school year. Each school's profile shows term dates, open days and how to enquire.

Boarding

Most schools here are day schools; check individual profiles for any boarding options.

How doris stays impartial

doris lists every international school in Greece we can find — not only those that pay. We take no placement fees and sell no rankings or "top school" spots, so the schools above aren't ordered by who paid most. Details come from the schools' own information and public sources, and you can compare any of them side by side.

FAQs for Greece

▶ What curricula can my child follow at an international school in Greece?

▶ What language(s) will my child be taught in, and will they learn Greek?

▶ How much should we budget for fees and additional costs?

▶ When should we apply and what does the admissions process look like?

▶ What ages and qualifications do international schools in Greece cover, and will their diplomas be recognised for university?

▶ What should we look for when visiting schools in person?

How we list schools: doris is an impartial directory — we don't take placement fees from schools, and listings can't be paid up the page. Every school is reviewed by our editors against publicly available information, school websites, and direct contact where possible. Read our transparency charter →
