These collaborative partnerships can amplify your giving to drive meaningful change across Asia and beyond.

Private Banking

Singapore's private banking client assets grew by a robust 19% in 2024

The potential for wealth management in Asia, one of the fastest growing regions in the world, is significant. In tandem with economic development, private wealth in Asia is growing rapidly, with a burgeoning middle class and an increasing number of ultra-high net worth individuals. At the same time, there is growing clientele from outside Asia looking for investment diversification opportunities in Asia.

Upholding Professional Standards

An industry-led Private Banking Code of Conduct further ensures the competency of private banking professionals and fosters high market conduct standards.

Regulations and Guidance

Banks in Singapore are regulated under the Banking Act.
Investors are protected under the Securities and Futures Act

Family Offices

In line with the growth of family offices globally, an increasing number of families are setting up family offices in Singapore to professionalise the management of their family's wealth over the long term.

About Family Offices

Philanthropy

With rising interest amongst high net worth individuals and families to apply their wealth as a force for good, Singapore's financial centre intermediates and shepherds wealth to purposeful causes that meet global and regional needs.

MAS works with the industry to grow Singapore as Asia's centre for philanthropy through building impact monitoring solutions, philanthropy advisory competencies, and innovative philanthropy models.

To encourage single family offices to use Singapore as a base to conduct philanthropic activities, MAS launched the Philanthropy Tax Incentive Scheme on 1 January 2024.

Singapore Sets out Key Focus Areas to Develop Singapore as a Gold Trading Centre

MAS and the Singapore Bullion Market Association (SBMA) set out key focus areas to strengthen Singapore's position as a trusted gold trading centre serving the Asia-Pacific region. This will meet the growing interest among investors to vault and trade gold in Singapore. The key focus areas were developed by a Gold Market Development Working Group that MAS and SBMA established in January 2026, building on detailed discussions and studies with industry participants in 2025.
