Enterprises and Corporate Sector

Overview

This section comprises the latest data and information on Singapore's enterprise, corporate sector, and business entities.

Statistics on enterprise landscape by ownership, Small & Medium Enterprise classification, revenue size as well as balance sheet composition and corporate sector performance are compiled by the Singapore Department of Statistics.

Data on the corporate sector cover companies incorporated or registered in Singapore, including branches of foreign companies. They are sourced from financial accounts which companies file with the Accounting and Corporate Regulatory Authority or other government agencies.
